

ADMISSIONS 2011–2012

FAJR ACADEMY
BACK TO BASICS

ENGLISH AND ARABIC MEDIUM | NURSERY TO O-LEVEL

a new beginning

We want the best for our children. To be healthy and happy.
To make Mama proud. To succeed in this life and the next.

Let's get them started on the right track. To read avidly, to
love Allah and to speak the truth. To master the arts and
sciences by learning from our history and our heroes.

At Fajr Academy, we're building a new kind of school—where
Muslims can follow their own path to success.

Join us on this journey.

the fajr advantage

Every school has its particular strengths. Here is what is special about Fajr Academy:

- ✦ Competitive academic standards
- ✦ Small class size of twelve (standard) to sixteen (maximum)
- ✦ A modern Tarbiyah curriculum based on continuing research
- ✦ Instruction in both English and Arabic
- ✦ An early emphasis on reading across the curriculum
- ✦ A customized Hifz program for every student
- ✦ Best practices adopted from international schools
- ✦ Online student performance reports
- ✦ A culture of accountability for students, staff and parents

back to basics

What lessons can we learn from the educational success of our earliest generations?

We call it the Tarbiyah Approach:

- ✦ A comprehensive focus on four aspects of development: intellectual, physical, psychological and spiritual
- ✦ Studying the world as signs of Allah
- ✦ Learning from the teacher's personal example
- ✦ Group learning in a supportive environment
- ✦ Striking the right balance between the universal needs of all students and the special needs of girls and boys

At Fajr Academy, we will continue to refine our understanding and implementation of this system as we learn together.

our vision

Fajr Academy began with a question: instead of adapting Western education to Muslim values, why not develop our own system?

Seeking Allah's pleasure, we decided on a simple but bold vision:

To design and implement a modern educational system for Muslim children modeled on our earliest generations

We have set five long-term objectives to achieve this vision:

- ✦ To instill a love for Allah in our students and staff
- ✦ To prepare our students and staff for success in this life and the next
- ✦ To groom a new generation of Muslim educators
- ✦ To promote Islamic education in society
- ✦ To bridge the gap between Muslims who are educated in religious institutions and those educated in secular ones

our team

Fajr Academy's founder, Asim Ismail, is an educational entrepreneur. He has been a teacher, trainer and consultant in education and Islamic studies. Since 2007, he has served as the founding Head of Islamic Department at The Reflections School, where he successfully tested several initiatives that he now brings to Fajr Academy.

Our teaching staff adds a genuine passion for Islamic education to several decades of combined experience at different Karachi schools, including Head Start, City, St. Michael's, Generation's and Reflections.

To design and implement our unique curriculum, we have a seven-member (and growing) development team in place, combining expertise in different educational and professional fields with additional training in Islamic studies.

Come and meet us in person at one of our orientation sessions.

enroll now

Enrollment is now open for the 2011-2012 academic year. Limited seats are available: 12 in Nursery, 12 in Prep 1 and 12 in Prep 2.

Admission fees are waived for any parents who have already paid admission fees at another school.

Contact us at admissions@fajracademy.com, or come to one of our orientation sessions:

Orientation #1 2 July 2011
9–10:30 am

Orientation #2 10 July 2011
9–10:30 am

From 23 June onwards, admissions will also be open at our school location Monday to Friday, 9 am–12 pm.
